Education

Mahatma Gandhi Central University, Bihar

2022 – 2026

B.Tech in Computer Science and Engineering

CGPA: 8.65 (till 6th semester)

Technical Skills

- **Languages:** C, C++, Python
- **Web Development:** HTML, CSS, JavaScript, React (Learning)
- **Database:** MySQL
- **Tools:** Git, VS Code

Projects

GreenCart Grocery Delivery System

- Engineered a full-stack grocery delivery platform using React, Node.js, and MySQL
- Designed and implemented RESTful APIs to handle product, user, and order management
- Developed an admin dashboard to efficiently manage inventory and transactions

Flipkart Price Tracker

- Built an automated price tracking system using Python and web scraping techniques
- Integrated Telegram bot for real-time alerts, improving user engagement and monitoring
- Structured data storage and retrieval system for tracking historical price trends

Internships & Training

C-DAC Noida (Cyber Gyan Project)

Sept 2024 – Oct 2024

- Completed intensive training in Ethical Hacking and Penetration Testing
- Gained hands-on exposure to system vulnerabilities, network security, and threat analysis

C-DAC Patna (Full Stack MERN Development)

Mar 2025 – Apr 2025

- Completed Full Stack Development training using MERN stack with Grade A
- Built and deployed full-stack applications integrating frontend and backend systems

Bharat Intern (Web Development)

Oct 2023 – Nov 2023

- Developed responsive web interfaces using HTML, CSS, and JavaScript
- Strengthened understanding of frontend development and UI design principles

Achievements

- Qualified GATE 2025 in 3rd year, demonstrating strong problem-solving and core CS knowledge

Additional Information

- Actively improving Data Structures, Algorithms, and full-stack development skills
- Interests: Software Development, Web Technologies, Cybersecurity
